GUARDS AND PATROL

SCANNING & PATROL

All our Guards use ITALKPPT radios and ATG Digital scanners, to easily communicate with each other over long distances and any time and anywhere in South Africa, with the supervisor and to report to our 24/7 control room, on a regular basis. Our radios also have a panic button and when activated all our devices are alerted. All our Guards utilize a patrol guard tag system. This is an integral part of our services and plays a vital role in our reporting and logging system.

VOICE STRESS TESTING

Is a a technique used monthly to analyze a our guards voice to detect stress or deception. It is based on the idea that involuntary changes in voice frequency and other vocal characteristics can indicate psychological stress.

Key components:

- Analyzes voice patterns to detect stress indicators.
- Questioning: The subject is asked a series of questions. The answers are recorded and analyzed.
- Analysis: The VSA measures variations in the voice, such as frequency and amplitude, which can indicate stress levels.

Monthly testing will be conducted by GPS during interrogations to assess the credibility of suspects or witnesses, interviews or investigations to detect dishonesty.

POLYGRAPH TESTING / LIE DETECTOR

RE: REFERENCE LETTER: GIANT PROTECTION SERVICES

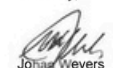

I am writing this letter to express my utmost confidence in Giant Protection Services and its exemplary security services. I have had the opportunity to work with this company since 2020, during which they consistently demonstrated professionalism, reliability, and dedication to ensuring the safety and security of our premises.

Giant Protection Services has consistently impressed us with their proactive approach to security measures, including the technology advancements that are available in the marketplace. Their team of professionals exhibits a high level of expertise, demonstrating proficiency in handling various security challenges and always maintaining a vigilant presence.

Furthermore, I have been consistently impressed by the responsiveness and effectiveness of Giant Protection Services' management team. They have been receptive to feedback, quick to address any concerns, and proactive in implementing improvements to enhance our security protocols.

Overall, I have no hesitation in recommending them to any organization seeking top-notch security services. Their commitment to excellence, combined with their expertise, makes them an invaluable partner in maintaining a safe and secure environment.

Please feel free to contact me if you require any further information or clarification regarding my experience working with Giant Protections Services.

Sincerely,

Johan Weyers

Reference: Giant InnovationSecurity

Dear Sir/Madam, This letter serves as a reference to Giant Innovation Security, which has been serving five sites in the GWK (PTY) Ltd group since August 2022. These sites include office buildings, a 24h service station, and agricultural processing facilities in the Northern Cape.

In my capacity, which GWK (PTY) Ltd's physical security is part of, I have personally dealt with Mr. JG Notje and Mr. Kyle Cloete as directors of the company. My experience of the company and its management is that they deliver good security services and have been very accommodating with site-specific requests, and make a big effort to understand our needs. Communication is very good, and no issue has arisen up to the date of this letter, that has not been resolved immediately.

I am glad to take more specific questions, should it be necessary, telephonically.

Kind Regards,
PC Botha
