GUARDS AND PATROL

SCANNING & PATROL

All our Guards uses ITALKPPT radios and ATG Digital scanners, to easily communicate with each other over long distances ant any time and anywhere in South Africa, with the supervisor and to report to our 24/7 control room, on a regular bases. Our radios also have a panic button and when activated all our devices are alerted. All our Guards utilize a patrol guard tag system. This is a integral part of our services and plays a vital role in our reporting and logging system.

- If an incident occurred an what's up and an e-mail will also be send.
- Daily reports are mailed to clients.

GUARDING

UNIFORMS - INDUSTRIAL

GUARDING

RISK MITIGATION

VOICE STRESS TESTING

Is a a technique used monthly to analyze a our guards voice to detect stress or deception. It is based on the idea that involuntary changes in voice frequency and other vocal characteristics can indicate psychological stress.

Key components:

- Analyzes voice patterns to detect stress indicators.
- Questioning: The subject is asked a series of questions. The answers are recorded and analyzed.
- Analysis: The VSA measures variations in the voice, such as frequency and amplitude, which can indicate stress levels.

Monthly testing will be conducted by Giant Innovation during interrogations to assess the credibility of suspects or witnesses, interviews or investigations to detect dishonesty.

POLYGRAPH TESTING / LIE DETECTOR

Polygraph testing, also known as lie detector, is used periodically to ensure ongoing honesty and integrity among our employees, especially in sensitive positions. Giant Innovation conducting polygraph tests every six months.

Regular polygraph testing can help maintain a trustworthy work environment and integrity for our clients.

➤➤ SPECIALIZED ACCESS

➤➤ CONTROL PATROL SYSTEMS

➤➤ GUARDING

➤➤ CONTROL ROOMS

Giant Innovation Protection Services provides integrated, technology-driven protection solutions that combine advanced systems with disciplined, accredited personnel to ensure total site security and operational efficiency.

SPECIALIZED ACCESS CONTROL

Our access control solutions are designed to manage and monitor entry points with precision and accountability. We ensure that only authorized personnel gain access. We also set up our clients system according to their specifications needed.

Key features include:

- Real-time access monitoring and audit trails.
- Integration with CCTV and spotbot system.
- Centralized data management for compliance and reporting.

PATROL SYSTEMS

We employ digital patrol verification and tracking systems to maintain accountability and enhance operational oversight. Our patrol systems include:

- GPS-based and tag patrol checkpoints.
- Automated incident reporting and supervisor alerts.
- Data analytics for performance evaluation and risk management.
- We also use specialized trained dog handlers to patrol with our trained dogs.

GUARDING SERVICES

Our guarding division consists of PSIRA-accredited security officers trained to deliver professional, visible, and responsive protection. Each deployment is tailored to client needs, ensuring:

- Site-specific operational plans and shift management.
- Rapid response capability and visible deterrence.
- Continuous training in emergency procedures and client service.
- Supervision by area managers and regional coordinators.

24/7 CONTROL ROOM

Our 24-hour control rooms serve as the nerve centre of operations, ensuring seamless coordination between guards, patrol teams, and management

We provide:

- Real-time monitoring of CCTV, spotbot alarms, and access systems.
- Incident management and dispatch coordination.
- Communication link between field teams and clients.
- Centralized reporting and data archiving for compliance and analysis.

SECURITY SOLUTIONS

STRATEGY

Our strategy plan focuses on delivering comprehensive security solutions tailored to your specific needs, enhancing operational efficiency, and safeguarding your assets. By leveraging advanced technology, continuous innovation, and a deep understanding of all business sectors, we aim to mitigate risks, ensure compliance, and protect your business's future. Our approach is centered on building a resilient security framework that not only addresses current challenges but also anticipates future threats, enabling our clients to operate with confidence and focus on growth.

TACTICS

- **Customized Security Assessments:** Conduct thorough on-site evaluations to identify specific vulnerabilities and tailor security solutions that align with every clients operational needs.
- **Technology Integration:** Implement state-of-the-art surveillance, access control, and alarm systems to ensure real-time monitoring and quick response to potential threats.
- **Employee Training Programs:** Develop and deliver comprehensive training sessions for staff to enhance awareness and ensure proper handling of security protocols.

03 September 2025

To whom it may concern
Reference: Giant InnovationSecurity

Dear Sir/Madam, This letter serves as a reference to Giant Innovation Security, which has been serving five sites in the GWK (PTY) Ltd group since August 2022. These sites include office buildings, a 24h service station, and agricultural processing facilities in the Northern Cape.

In my capacity, which GWK (PTY) Ltd's physical security is part of, I have personally dealt with Mr. JG Nofje and Mr. Kyle Cloete as directors of the company. My experience of the company and its management is that they deliver good security services and have been very accommodating with site-specific requests, and make a big effort to understand our needs. Communication is very good, and no issue has arisen up the the date of this letter, that has not been resolved immediately.

I am glad to take more specific questions, should it be necessary, telephonically.

Kind Regards,
PC Botha
Manager Internal Audit and Forensics (NC Region)
082 906 8467

THANK YOU

We sincerely appreciate your time and attention today. Thank you, for the opportunity to present our vision and solutions. We are excited about the possibility of partnering together to create a more secure and prosperous future. Your trust is invaluable, and we are committed to delivering the excellence you deserve.

We look forward to the potential of working with you and are here to answer any questions you may have. Thank you once again for your consideration.
